

THRIFTY THREADS AND TREASURES

Volunteers mean everything to ECCCM operations! **Currently our ECCCM thrift store, THRIFTY THREADS AND TREASURES, is in serious need of volunteers.** Here is a detailed list from Christina, our thrift store manager, about what a store volunteer may be asked to do:

- **Assist Customers** - A major part of a thrift store volunteer's job description is to assist customers. Volunteers answer customer questions about the products, and may also step in to process cash and credit card transactions if a cashier isn't present. The process is easy to learn!
- **Sort through Donations** - With the many donations that come in, it's important that the donated items are in good condition for customers to buy. Volunteers, with the help of the manager, sort through items to check for broken, chipped or damaged items, and permanent stains or tears in clothing.
- **Stock Donations** - Every day the thrift store receives different items, and the thrift store volunteer categorizes and places items on the shelves or racks. Items that have been on the sales floor long enough, will need to be removed and placed in proper destinations. Volunteers may also be responsible for placing the price tags on before stocking.
- **Store Maintenance** - Thrift store volunteers also help maintain the store's physical appearance by keeping shelves neat, returning misplaced items to appropriate places, and general tidying up if needed. If your church can provide volunteers, or someone from your church would like to know more, Christina can be reached by phone at 828-465-1702 ext. 123, or by email at c.rodgers@ecccm.org.
